

### **Giraffe Hill-Tarin Kot, Afghanistan**

*by Benny Spicer*

The South GIRAFFE Agile Multi-Beam radar stands guard on GIRAFFE Hill providing around-the-clock warning of insurgent rocket attacks against Multi-National Base Tarin Kot. The GIRAFFE Agile Multi-Beam radar was deployed on Operation SLIPPER as the primary sensor within the Australian Army's Combat Rocket, Artillery and Mortar capability, operated by the men and women of the 16th Air Land Regiment from 2010-14 in support of Combined Team - Uruzgan.
